C3 ISSUE(SMALL CROWN, PERF 14, DIE 2 Alphabet 2)

We have listed plates 16 to 21 separately as Ken Statham always believed that these were as scarce as the C7 series (Plates 22 to 27). Even though the Catalogue does show revised values, they do not yet, in our opinion, reflect their real scarcity. We price according to the number of sheets listed in Statham's Essential Guide as well as the difficulty in replacing them
