Mostly fresh <b>U/M</b> wonderful addition to any collection. | <b>£55</b> |

Over the last 40 years or so we have purchased many collections. As you probably know we largely deal in QV through to GV. As a result, we have “accumulated” a huge number of QEII, mostly on album leaves. We are offering these bundles as described below. We believe they will be a cheap and quick way of filling spaces but have other uses such as approval books etc. Inevitably there will be some duplication, but this will be kept to a minimum. These tend to be bulky lots so we might have to add postage if going overseas, depending on the size of the order. Any of the following three lots should fill plenty of spaces.
